

Catalysing Sustainable **Rural Transformation** i n A f r i c a

Committed to transforming rural Africa through sustainable development initiatives.

ABOUT

Ambi Light Up is a visionary organisation committed to transforming rural Africa through sustainable development initiatives. We apply the Market System Development Model, forging strategic partnerships and networks that uplift rural communities economically, socially & mentally.

OUR MISSION

To empower rural communities through sustainable business initiatives, strategic networking, and impactful programs that spark long-term growth.

OUR VISION

To become Africa's leading catalyst for rural transformation, sparking hope, prosperity, and economic mobility across underserved communities.

WHAT WE DO

1. Partnership Creation

We broker joint ventures and partnerships across sectors to align on sustainable rural development goals.

2. Networking

We connect individuals, organisations, and institutions to promote collaboration and knowledge exchange.

3. Exchange & Visits

We run impactful exchange programs to promote learning and innovation between rural and urban sectors.

4. Coaching & Mentoring

We empower communities by transferring knowledge, skills, and hands-on support to build sustainable solutions.

5. Business Development

We build capacity for local service providers to stimulate rural economies and job markets.

6. Training Programs

We design custom curricula to equip rural youth and women with critical development skills.

OUR COMMUNITY PROGRAMS

Light Up Local

Electrifying rural clinics and schools that do not have power in this day and age.

LAMBI

Empowering women and youth through employment and entrepreneurship.

Lit Soup Kitchen

Sharing one meal a day with the vulnerable in rural areas.

OUR PILOT INITIATIVE

LIGHT UP LOCAL

A model program delivering solar electricity to rural clinics, proving how small changes create lasting impact.

EXCHANGE & VISITS

“Think Global, Act Local Initiative.”- learning and innovation between rural and urban sectors.
